

# Flush Wood

MODELS 42, 44, 45

Versatile garage doors to match traditional and contemporary style homes

## door construction

*Model 45 Flush wood, custom paint*

### **Flush wood doors – So popular because they're so versatile.**

Our flush style wood doors offer a wide selection of styles, windows and accents to complement both traditional and contemporary exteriors. Quality materials and expert craftsmanship give your home an appealing appearance that's easy to live with for many years.

### **Crafted in first class tradition**

- Wood flush doors offer several distinctive exteriors to personalize your home.
- Shiplap construction minimizes air infiltration for all doors and some have built-in insulation.
- All wood frame structures are hand assembled.
- External panels are pressure-bonded to framework with high-strength, waterproof adhesive.

# specifications

## Panel Construction

Constructed from high quality, kiln-dried western woods with polystyrene insulation core, double flush wood doors complement a broad range of architectural designs. External panels are pressure-bonded to framework with high strength waterproof glue.

| Model | Exterior                             | Interior            | Insulation                 | Frame  | Total Thickness | Priming              |
|-------|--------------------------------------|---------------------|----------------------------|--------|-----------------|----------------------|
| 42    | 3/8" Rough Sawn Plywood              | 1/4" Smooth Plywood | Polystyrene, 4.75 R-value* | 3/4"   | 1-3/8"          | Not Primed, Standard |
| 44    | 5/8" T1-11 Plywood with 1/4" Grooves | 1/4" Smooth Plywood | Polystyrene, 4.75 R-value* | 3/4"   | 1-5/8"          | Not Primed, Standard |
| 45    | 1/4" Smooth Plywood                  | 1/4" Smooth Plywood | Polystyrene, 4.75 R-value* | 15/16" | 1-5/8"          | Not Primed, Standard |
